TYPE OF RESTRAINTS USED TO SUBDUE THE SUBJECT</li> <li>5.) TREATMENT MADE AVAILABLE TO THE SUBJECT BY TEAM MEMBER</li> <li>6.) OTHER OBSERVATIONS BY TEAM MEMBER</li> </ol>  |  |  |
| <p>No notifications were made as Sgt. ROWLANDS was already aware of this activation. He did not change my scheduled shift.</p> <p>On the above date and time I arrived at the AP for a briefing on this warrant service. During the briefing I was assigned to the East Utility van and as part of the 2<sup>nd</sup> point/cover team. Cpl. WILK was my assigned point man and we were designated for first floor clearing through the 1-side entry point. After the briefing a rehearsal was conducted before loading out.</p> <p>Once on scene the 1-side entry team made its way to our assigned entry point. Once all other entry teams were staged a coordinated breach was conducted and I followed Cpl. WILK into the residence. Once inside we moved towards the 2 side and opened a door which turned out to be steps to the basement level. I observed an older white male scurrying towards the 2-side at the bottom of the steps. Due to having a designated basement team Cpl. WILK and I pushed to another closed door on the 2-side which led to a bedroom on the 1-2 corner. Inside the bedroom was a juvenile male and juvenile female. Both were flex cuffed without incident. Due to the large size of the residence I left the juveniles with Cpl. WILK and moved to the basement where I assisted clearing the pool area and conducting secondary searches. Once that level was secure I returned to the bedroom on the 1-2 corner and maintained security of the juveniles with Cpl. WILK until they were turned over to investigators. Once the scene was turned over to investigators SERT departed the scene.</p> <p>After a de-brief the team was dismissed at 0730 Hrs.</p> |  |  |
